The Greatest Medium.

THE WICHITA WEEKLY EAGLE A. Established in 1872 and for twenty-four years has stood at the head of all Week-lies in the state. There are people in this county who have read it from its first issue and are readers today. Why do they read it? Simply because they are after the reliable and latest news and can only get it through this medium it has more columns of live reading than all the Weeklies in the county. Business men are approached daily by representatives and even proprietors of these local papers with the scereotyped expression that they have the largest circulation in the county. Well, we pay the postage. They do not. If they are the local papers they claim they are hard to locate. There have been hundreds of them in the twenty-four years that the Eagle has been in the field and have died as many more must do under their false representation. You want a good medium to do your advertising in: you want

VALUE FOR YOUR MONEY.

You want an established medium; you You want an established medium; you want to patronize those who are capable of patronizing you. You receive the benefits from the seventy employes of the Eagle; you get more circulation from the Weekly Eagle than you can anywhere else. The readers of the Weekly get four times as much live news for 50c as they get from the other weeklies for \$1.00 and \$1.50. This is the time when price and quantity tell. You get all you can and pay as little is you can. Therefore the Weekly Eagle is the paper for the advertiser and reader alike.
